

A black, rounded rectangular electronic device, possibly a car stereo or a portable music player, is shown from a top-down perspective. The device has a matte black finish and features a central white rectangular label. The label contains the text "FCC ID Label Location" in a black, sans-serif font. The device has several small, recessed buttons or ports along its edges: two on the top edge and two on the bottom edge. The background is a light, neutral color.
